---

The logo for CSG Clean Safety features a stylized icon of three interconnected shapes (two squares and a circle) to the left of the text "CSG Clean Safety". The text is in a white, sans-serif font, with "CSG Clean" and "Safety" separated by a vertical line.

## CSG Clean | Safety

Safety is our top priority at CSG. We are committed to providing industrial cleaning services that prioritise the well-being of our clients, employees, and the environment. Our safety measures are designed to minimise risks and ensure a secure working environment.

- **Trained Professionals** - Our cleaning technicians undergo rigorous training in industry best practices and safety protocols. They are well-versed in handling specialised equipment and chemicals safely.
- **Personal Protective Equipment (PPE):** We equip our team with appropriate PPE, including gloves, safety goggles, masks, and protective clothing, to prevent accidents and exposure to hazardous substances.
- **Safety Inspections** - Regular safety inspections are conducted on all job sites to identify and address potential hazards promptly.
- **Compliance** - We strictly adhere to all relevant safety regulations, standards, and guidelines to maintain a safe and compliant working environment.
- **Eco-Friendly Practices** - Our commitment to safety extends to the environment. We employ eco-friendly cleaning products and methods that reduce harmful impacts on nature.

At CSG we are dedicated to eco-friendly practices that prioritise environmental preservation. Our industrial cleaning services utilise green cleaning products, free from harmful chemicals, ensuring a safe and non-toxic cleaning process. We actively conserve water through efficient practices, minimise waste generation, and employ energy-efficient cleaning equipment.

As part of our commitment to sustainability, we hold relevant green certifications and educate our clients on eco-friendly practices. With CSG you can trust that your industrial cleaning needs are met with a focus on environmental responsibility and a greener future.
