

Security and Confidentiality Protecting Patient Privacy

About Us

At CSG, we understand that your own medical or dental practice is unique, with its own set of requirements, preferences, and priorities. That's why we offer a range of customisation options that allow you to tailor our cleaning services to perfectly match the specific needs of your healthcare facility.

At CSG, we understand that safeguarding patient privacy is paramount in healthcare settings. Our commitment to security and confidentiality goes beyond just cleaning, it extends to ensuring the integrity of sensitive information within your dental or medical practice.

Our cleaning team is comprised of carefully vetted and extensively trained professionals who understand the sensitive nature of healthcare environments. We prioritise hiring individuals with a strong sense of discretion and respect for privacy. Our staff undergoes thorough background checks to ensure their trustworthiness.

Regular cleaning and disinfection of treatment rooms

Sterilisation of dental and medical equipment
